EVENTS ORGANIZED BY PTO

- Box Tops
- Chalk Walk
- Fall Festival
- Teacher Appreciation
- Watch D.O.G.S

Of course, we support all the events organized by the different Grade Levels!

EVENTS ORGANIZED BY GRADE LEVELS

Here's the concept....

- A committee is made up of parents from specific grade to work on ONE event.
- PTO Board Members will offer support but the committee is responsible for organizing the event.
- Parents can be involved multiple years but get the benefit of working on a different event each year.
- We have history on most of these events but new groups will bring new ideas.
- Committee members get the benefit of meeting other families in the same grade while organizing an event that the entire school can or grade level enjoy.

OES FAMILIES

THE ROLE OF THE PTO

It's more than just meetings!

OUR GOALS

The PTO is a diverse group of people who come together for the enrichment of the students, staff, and community.

Our Goals:

- Encourage staff and help create positive expectations and communication between school and home.
- Organize events to promote the concept of a school-family community through social interaction.
- Support children and teachers by assisting with funds that are used for instructional purposes.
- Promote the general welfare and safety of students.
- Offer the best possible learning environment for the children through a team effort of a parent teacher organization.
- Provide service learning opportunities for students, and promote business partnerships in the community.

PTO DOES...

- Support the educational programs and extracurricular activities of the school
- Encourage parents' involvement in their individual children's lives, education, class, and school
- Provide feedback and suggestions for school programs
- Coordinate programs and projects that will support or enrich the curriculum
- Encourage/fund the increased exposure of students to technology
- Provide feedback/assist with increased awareness of school safety and security issues
- Organize fundraising efforts to support some additional programs, equipment, and services not covered in the school budget
- Support the educational goals of the school and assist with attaining those goals through parent and community volunteerism
- Recruit volunteers and coordinate volunteer efforts to staff PTO functions and assist with school programs
- Stay aware of legislation and political issues that may impact education and schools
- A LOT !!!

PTO DOES NOT...

- Run the school
- Force parents to participate in PTO and/or school activities
- Set policy regarding school programs
- Define the school's curriculum
- Dictate the technology platforms and/or software used by the school
- Define or interfere with the school's security program and policies
- Control the school's budget
- Set the educational goals, testing requirements, or compliance factors
- Have jurisdiction or authority over school staff, teachers, and other employees
- Endorse a particular political candidate or commercial concern
- DO EVERYTHING !!!

REASONS TO BE INVOLVED

It only takes one but we'll give you three!

YOUR CHILD BENEFITS!

When parents and guardians get connected to the school, children do better.

Research shows children whose parents/guardians are involved get better grades, do better on tests, and have fewer discipline problems at school.

It makes a difference!

OUR TEACHERS BENEFIT!

We try create the kind of school community where teachers and administrators can do their best work—and so can our children.

We provide support for teachers in and out of the classroom. We provide resources they need. We help create learning opportunities for children. And we try to build the kind of supportive, caring atmosphere that makes school fun.

YOU BENEFIT!

Joining PTO is another way to get to know school and support staff!

Plus you can meet great parents! Life long friendships have been made by parents getting involved and meeting new people outside of their children's classroom.

DID YOU KNOW?

IF YOU DON'T KNOW, NOW YOU KNOW!

NOT ALL CHARTER SCHOOLS ARE THE SAME

We are a Municipal Charter School system.

Charter schools-in-a-municipality are sponsored by local school districts in partnership with a municipality.

In our case, we are part of the City of Cape Coral.

OUR SYSTEM CORE BELIEFS

The schools in the Cape Coral Charter School System believe:

- That a school should teach knowledge and cultural literacy within a rigorous curriculum that is relevant to students' needs, and stimulates their natural curiosity, imagination, and thinking skills.
- That student achievement is a result of high staff expectations, quality lessons, challenging curricula, and differentiation in teaching and learning.
- That our schools have created a unique environment and family atmosphere where a sense of community and citizenship are valued, and a collective responsibility is created to promote student success.
- That by focusing on our true customers – the students, we are able to infuse the character traits of love, kindness, respect, teamwork, compassion, and cooperation into their daily lives, making our schools the happy and positive environments for which they are recognized.

WE HAVE A GOVERNING BOARD

Our Governing Board is a city-appointed volunteer position. The public is welcome to attend the monthly meetings.

WE HAVE A FOUNDATION

The Cape Coral Municipal Charter Schools Foundation was established in October 2004 as the fundraising arm of the City of Cape Coral Municipal Charter Schools system.

"Our mission is to assist the City of Cape Coral Municipal Charter Schools in their quest to provide students with a unique learning experience in preparing them for success and participation in our community as responsible and productive citizens."
